

Tom

Before The Way of the Masters I shared the Good News rarely, mainly because I was not sure how and I feared rejection.

I had a so called Christian friend that did not go to church who I wanted to share with but had not idea how to approach a 'Christian'.

After The Way of the Masters course I learned God directed use to share so I now fear NOT SHARING I now can share with anyone (strangers, friends maybe Christians) and without offending anyone.

I have even had someone who did not want the seed I planted shake my hand for talking to him. The Way of the Master program gave me scripture from the Bible to use (The Ten Commandments) Psalm 19:7 says we should use this as does Romans 3:19-20.

I learned this too from The Way of the Master. It is now a joy to share the Good News!
