

Hi Tom,

just a note to let you know that Ann and I very much appreciated attending your seminar. We really liked it and what we felt we learned. You really brought things to light about witnessing to people and how to be effective in today's world. I have watched the program on TBN about "The Way Of The Master", but did not see things so well and understand the effectiveness of the methodology in the witnessing. We feel the understanding of God and his wisdom in this is very profound. I cannot think of any better way to avoid arguments and intellectual debates that take away from the true message of the Gospel, which is what I see this really focuses on, and what Jesus commanded of us. You guys are bringing the message to others, back to the basics of God. What a great glory. We look forward to attending again and joining you on the streets of Tempe. We feel strongly in our spirits that Jesus is with you in this adventure.

God Bless,

Doug and Ann
