Dear Tom & Catherine,

Thank you very much for the seminar on the way of the master teaching. Also the assortment of tracts, the pizza and for taking me to Temple to witness on the streets.

I've always loved to tell people about my faith when the opportunity came up.

But I never walked up to complete strangers to witness to them before.

This teaching has gotten me excited about telling everyone, everywhere about Jesus!

The million dollar bill is so much fun to give away because people love it. It's the perfect ice breaker and it's given me the boldness I needed to approach strangers with the good news of Jesus Christ.

A lot of them are willing to stop and allow me to ask them the questions on the back.

Many are sobered when they realize they are not good enough to go to heaven.

Thanks again. Your sister in Christ.
