

I had been baptized a Christian in 2003. Since then, I have spent a lot of time reading God's word and learning about the history of the bible. A couple times I saw The Way of the Master program on t.v. We started watching the episodes with our small group during our weekly bible study. It was interesting to watch Ray and Kirk approach people on the street and share the gospel with them.

Then I read The Way of the Master and Out of the Comfort Zone books by Ray Comfort. That is when my realization began of what a relationship with Christ really means. I also understood how the "modern gospel" is so damaging. So many people are given the impression that once you become a Christian, your life will be wonderful, and that is just not biblical.

Once I started listening to The Way of the Master Radio show, I understood not only the gravity of my sin, but the reality of what Christ's death on the cross meant for me and all Christians. What an amazing gift God has given us! Listening to the hosts witness to people has given me confidence in my own ability to share the gospel. I feel equipped to witness to others and give them a biblical account of what salvation means. I never imagined myself being brave enough to hand out gospel tracks on a street corner, but with the help of the Holy Spirit, I have been able to do that. Also, listening to people call in to the program has been so uplifting. It makes me feel less isolated.

The websites, the School of Biblical Evangelism, the radio show, the t.v. show, and the books have made such a difference in my Christian walk and my relationship with Christ that I can't even fully express the peace and joy I feel. The comfort of knowing where I'll spend eternity, the importance of sharing the gospel, growing in holiness, and of bringing my children and family to Christ have become foremost in my mind thanks to the WOTM ministries.
