

Dear Tom,

I wanted to take this opportunity to share with you how my involvement with The Way of the Master evangelism program has completely changed my life. The revolutionary changes I have observed in my own Christian experience are nothing short of miraculous. I am truly a trophy of God's love, grace, patience, and mercy.

I grew up in what many would consider a "Christian family." We attended church on a weekly basis so I had plenty of exposure to the gospel message of Jesus Christ. Throughout my life, I thought I was a Christian, but there was certainly never any spiritual fruit evident in my life. I manifested no fruit of repentance, thanksgiving, good works, righteousness, or fruit of the spirit. I had no interest in worshipping God, reading the Bible, fellowshiping with believers, growing in righteousness, contributing financially to the church, or even turning from my sinful nature. It was not until I attended my first Way of the Master training program that I realized that I was not a true believer in Jesus Christ. Although I had a sizeable knowledge base about God in my mind, I did not know Him in my heart. After participating in The Way of the Master one day seminar with you in June, it became obvious as to why my life as a Christian had been so empty and joyless. I had never accepted Jesus Christ by way true repentance and saving faith. I had not truly been reborn. The information presented at The Way of the Master seminar was an absolute revelation to me and was the turning point in my Christian life.

Once I understood the fact that I was not a true believer, I accepted Jesus Christ into my life and was truly reborn. How do I know this to be true? Because for the first time in my life, I truly feel God's presence and peace, I have a hunger and passion to be in a relationship with God, I cannot read the Bible enough and God's Word has come alive, I have a new found desire to be in fellowship with other believers, I am now motivated to get involved in service within my church, my sinful nature has been removed, and my interests have all shifted to the things of God. I have also developed an incredible passion for evangelism and a heavy burden for lost souls. These changes in my life have been nothing short of miraculous and are clear evidence that the Holy Spirit has come to dwell within me. After all these years, I finally really know what it is like to be a true believer. I am sure that in your work with The Way of the Master, you have heard this same story countless times.

The other major benefit I have obtained from The Way of the Master program is an incredible zeal for evangelism and an effective method for sharing my faith in Jesus Christ. This technique is by far the best one I have ever seen for reaching the lost. Until I learned this process, I was absolutely terrified to share my faith and felt so ill-equipped to do so. But now, I am growing in confidence in sharing the gospel message of Jesus Christ and have developed a passion for improving my skills in this area. Since attending my first training seminar in June, I have been regularly doing street evangelism each Saturday night in Tempe with other members of the Good News Network Seed Sowers. I cannot tell you how burdened I have become for all of the lost souls I see walking the streets around ASU each time I go out with the team.

Finally, because of the newfound passion I have discovered for evangelism through The Way of the Master, I applied for and was accepted to The Great News Network October Evangelism Boot Camp. This camp is scheduled to be held in Dallas, Texas. It should be awesome! I am so excited to be attending this training camp and look forward to using the skills I acquire in my own personal ministry of evangelism.

Thanks again Tom for all of your hard work and dedication to The Way of the Master, your work has changed my life in ways that I cannot even begin to express in words. I will always be indebted to The Way of the Master for leading me out of the darkness and into the light.

In Christ,

RO
