

Hi Tom,

Thank you and everyone for the warm welcome on Saturday. Here is my testimony:

I was inspired about a year ago by Way of the Master when my Mom and I watched Kirk and Ray share the gospel on TBN. We both agreed this was amazing and a great way to engage people in conversation. A few weeks ago I met a co-worker and she invited me to a seminar in Phoenix for Way of the Master-- I agreed to come and listen. WOW, watching the videos of both Ray and Kirk ask the simple questions that engage people in their own righteousness really opened my eyes to this opportunity. They make it look so simple with the opening question-- Do you think you are a good person? I left the seminar thanking God for inspiring me and asked Him to equip me with an understanding and knowledge and confidence to move forward and study this material. With all my heart I want to share this with family and friends, co-workers, strangers anyone who God puts in my path. On the way home to Spokane, WA on the plane I engaged in conversation with a Mother who was traveling with her family who professed she was a Christian. I went through the 3 questions-- it was easy I did it! I felt like a soldier for Christ and it was an amazing feeling. I look forward to disciplining myself to learn with open eyes and ears this Way of the Master. In my own personal walk I am daily convicted by the Holy Spirit when I am in the wrong. I know this will help me through my struggles as now I will daily look at the Ten Commandments as a different convicting book of the Law!!!Stephanie
